

For spaces that reflect
your lifestyle.

Michelle Nelson

Founder & Principal Designer

Michelle eats, sleeps and breathes the world of interior design. When it comes to designing a home, office or even an Auto Body Shop (yes she has extensive experience in the Automotive industry) Michelle is an artist marrying her ample knowledge of interior design with her ad agency background of more than 30 years. In addition to her experience, **she has flipped 9 homes in 5 different states** all while living in them during the renovations.

Interior Design is more than Michelle's passion, it is truly what makes her tick. This is why she will be there for you, every step of the way, with an unrivaled enthusiasm for making your dreams come true before your very eyes.

Alignable Interior Design is a full-service interior design firm based out of Clearwater, Florida.

Our signature style takes shape in the form of clean lines, soothing color palettes, and contemporary space planning, resulting in an aesthetic that is **comfortable** and **glamorous**.

“I can’t recommend Michelle and Alignable Interior Design highly enough! My real estate team recently listed and sold a home she designed and decorated in Nashville and we were able to get 5 cash offers over asking price in 22 hours on the market because of her design choices and impeccable taste! I would not hesitate to hire or recommend her for any home design or remodel projects!”
